

# TOMMY EMMANUEL GUITAR CAMP AUSTRALIA

## A NOTE FROM TOMMY

I am so thrilled that you will be joining me for the "Tommy Emmanuel Guitar Camp in Sydney, Australia." We are going to learn a lot together and have some fun. At the beginning of each day, I'm going to start off with one big group session with all of you. After that, we are going to break up into different groups and mix up your skill levels.

On a daily basis, I will be answering questions, demonstrating how to play a lot of my songs, talking about arrangements, repertoire, performance, preparation, practice, and discipline. We will cover tone, touch, dynamics, time, feel, groove, tunings, mind training, equipment, and all heart-related playing! I will invite students to play duets and demonstrate how to play together well.

Some of the subjects covered by the instructors will include rhythm playing, importance of melody, dynamics, building a musical vocabulary, exercises, right and left hand strength and agility, stretching, jazz and blues improvisation,

single-line soloing, creating songs, open tunings, using a capo, getting your name out there, getting your SHOW together, working with other musicians, building an audience, and having fun while working hard!

We'll also cover the important how to's...how to jam well, how to listen, and how to train your ears. The instructors want the students to learn at least a song per day, so you leave with new material to work on.

We are all looking forward to making this a truly memorable camp... see you there!

Love,

*Tommy Emmanuel*
